

M M A T E R N A L B B L I S S

My husband and I employed Simona Arneodo for one week in June 2003. Prior to Simona arriving our five-month old boy followed no routine during the day, had difficulties sleeping for longer than two hours at night, and was extremely fussy with his food.

Without hesitation Simona took up the challenge and within a short period of time we had a changed boy. Our son now has a regular routine, sleeps through the night and feeds well. In summary he is a much happier and contented little boy (and so are we!).

We would have absolutely no hesitation in recommending Simona to others in similar predicaments to ourselves. We found her approach to be professional, supportive and friendly. It was a pleasure to have Simona in our house and nothing seemed too much trouble.

If you hire her you will not regret it!
